

CONSTANT VOLTAGE 20 WATT DIMMABLE DRIVER

Led driver to run 20 watts of led strip
Output 12 volts DC
Output 1.66 amps
Input 100-265 volt AC
Short Circuit /Over voltage + cuurent protection
Dimensions 140mm x 45mm x 27mm
Compliance to worldwide safety + EMC regulations
3 year warranty
Three in one dimming function 0-10vdc or PWM or resistance
Dimmable range 0-100% with Leading edge Dimmer
Supplier T-Lighting
Cat Number TLD20-12V1-10
