

CONSTANT VOLTAGE 200 WATT DIMMABLE DRIVER

Led driver to run 200 watts of led strip

Output 12 volts DC

Output 16.66 amps

Input 100-265 volt AC

Ac Current 0.559A

Short Circuit /Over voltage + current protection

Dimensions 255mm x 80mm x 53mm

Compliance to worldwide safety + EMC regulations

3 year warranty

Three in one dimming function 0-10vdc or PWM or resistance

Dimmable range 0-100% with Leading edge Dimmer

Supplier T-Lighting

Cat Number TLD200-12V1-10
