

## **CONSTANT VOLTAGE 300 WATT DIMMABLE DRIVER**

Led driver to run 300 watts of led strip

Output 24 volts DC

Output 12.5 amps

Input 100-265 volt AC

Ac Current 0.559A

Short Circuit /Over voltage + current protection

Dimensions 276mm x 80mm x 50mm

Compliance to worldwide safety + EMC regulations

3 year warranty

Three in one dimming function 0-10vdc or PWM or resistance

Dimmable range 0-100% with Leading edge Dimmer

Supplier T-Lighting

Cat Number TLD300-24V1-10
